Delightfully revealing

We created our new Hi -X65 Open -Back Headphones with mixing and mastering in mind.
With their superior high -precision and spacious sound, they're built specifically to satisfy the need for close, precise listening at these critical stages of the audio prod uction process.
The same qualities that make them great for professional audio production also make them perfect for audiophiles who appreciate hearing every shade of nuance in the music they love.

Hi-X65 Headphones, designed and manufactured in Vienna, feature:

- Proprietary High Excursion technology that delivers a linear frequency response and open, precise, high-resolution sound that simplifies error detection and makes mixing/mastering a pleasure
- Metal hinges and bow for maximum durability and stability
- Best-in-class comfort with soft memory foam earpads and outstanding ventilation to keep you comfortable even during the longest sessions
- Detachable cable that can be easily replaced (2 included)
- Replaceable ear pads and bow pad, for long lifetime and hygienic use
- Foldable construction for easy storage
